CLAUSE AS TO FRONTIERS

Like the French Agreement—Japan Has Not Ordered German Balloons—Marquis to Discuss the New Korean Situation.

Paris, July 30.—M. Kurino, the Japanese minister to this republic, is authority for the following information concerning the Russo-Japanese treaty on commerce and navigation which was signed Sunday at St. Petersburg. The treaty embraces five subjects: Commercial relations, fishery rights, the junction of the Manchurian railroads, the delimitation of frontiers and political relations. The clause dealing with this last named subject is brief and is practically a duplicate of the Franco-Japanese agreement for the maintenance of the status quo. M. Kurino denies the report that Japan has ordered two dirigible balloons in Germany.

Fire Discovered Over Entrance to Boston Store in Burlington.

Burlington, July 30.—Fire was discovered yesterday afternoon in an awning of a window above the Boston store. At the same time there seemed to be a blaze under the big sign over the southern entrance. The store's fire brigade got busy and the fire was quickly subdued, although an alarm was rung in from box 41. The awning on the window above the store was burned and the glass broken while two large holes were burned in the Boston store awning. The fire spread slightly from under the sign to the ceiling over the entrance. The damage will be small.

VERDICT PLEASES W. J. BRYAN.

Does Not See How Anyone Could be Convicted on Orchard's Testimony.

Peoria, Ill., July 30.—W. J. Bryan is quoted as follows on the Haywood verdict: "I am glad to learn of the verdict and that it was not guilty. I watched the trial and did not see how anyone could be found guilty on Orchard's testimony. Every crime he charged was one himself suggested and it was shown he was in communication with the Mine owners and attempted to induce the defendants to engage in crime. The manner in which the prisoners were taken from Colorado was hardly in keeping with a fair prosecution."

At the City Bakery!

Do not be surprised to see Cakes here so tempting that you marvel why anybody should bother with home baking. That is an ordinary occurrence here. Many a woman has found out that our Cakes are better than hers. We don't care how careful and particular you are, we are just as much if not more so, and we are baking all the time. If experience and practice count for anything, why shouldn't we bake better than you?

VICTORY FOR TWINS

In an Uninteresting Game Across the Lake

FRASER WAS IN THE BOX

Mathieu Was Pounded Savagely and the Vermonters Had Little Trouble in Winning the Game, 6 to 4.

Plattsburg, N. Y., July 30.—Barre-Montpelier defeated Plattsburg yesterday afternoon, 6 to 4, in an uninteresting game. Fraser pitched for the visitors and was touched up for eight hits, while the Twins went after Mathieu savagely, getting thirteen hits. Both teams played a ragged fielding game. The score:

Innings: 1 2 3 4 5 6 7 8 9—R H E

Barre-Mont. 2 1 0 0 1 0 2 0 0—6 13 4

Plattsburg 0 3 0 0 0 0 0 0 0—4 8 4

Batteries: Fraser and Ball, Mathieu and Sullivan; umpire, Cotten. When it was learned here yesterday that the Burlington team had disbanded, no meeting was held last night to raise funds for Plattsburg in the Vermont state league. Mr. Van Duzer will, however, keep his team together and play independent ball with the college boys who represent various Adirondack summer resorts. A letter has been received from the management of the team at the Stevens House, Lake Placid, and it is believed that games can be arranged with Paul Smith's and the Amherst and Hony. The famous Princeton pitcher, Heyniger, is at the latter place and that team beat the Stevens House Saturday, 1 to 0.

BRYAN SAYS HE'LL SHAME SKEPTICS.

Talks on "Prince of Peace," No "Train Robber" Democrats in Sight.

Havana, Ill., July 30.—William Jennings Bryan lectured on "The Prince of Peace" here yesterday afternoon, but if there were any "train robber" Democrats or any other kind of Democrats among the 4,000 Chautauquians who heard him, they did not come to the front. He addressed himself to the younger generation, laying particular stress on the difficulties that beset the young and the old on the path of righteousness, and said he was going to make these young men admit that there is a God and a religion. The man who does right is aware that God is with him. "When a young fellow is in college he feels that much stronger and thinks he knows more than any other person of his life. The fear of God is the beginning of wisdom. I do not doubt that we live in an after world, that we assume the immortal being."

BOSTON CELEBRATES.

Dedicates Tablet to Plucky Youngsters. "Old Home Week."

Boston, July 30.—Yesterday morning ushered in "Patriot's Day," the second day and one of the most important days of "Old Home Week." The ceremonies were opened this morning by the dedication of a tablet near King's Chapel on School street, in memory of the Boston youngsters who demanded of Gen. Gage, the British commander, a restoration of the right to roam on the Common. Dr. Edward Everett Hale made the principal address. Robert Treat Paine, a descendant of one of the signers of the Declaration of Independence, unveiled the tablet. A great mass meeting on the Common followed the unveiling, the leading feature of which was the formation of a "living flag" on the lawn. A reunion of the old schoolmates of Boston took place in Faneuil hall yesterday morning, and several patriotic organizations held receptions. Last evening an elaborate electrical parade took place.

BOSTON WON FROM NAPS

Took First Game of the Series 4 to 2

WINTER WAS THE PITCHER

Both Teams Made Several Errors but Those of the Visitors Were More Costly—No Other American League Scores.

Boston, July 30.—Boston stowed away the first game of the series with the Clevelanders yesterday afternoon by the score of 4 to 2. Winter and Liebhart were the opposing hitters and the honors were about even. The home team benefited by the shaky fielding of the demoralized Lajoinites.

Boston scored one in the first inning. With one down, Harry Hinchman who played Lajoin's position, fell down on Sullivan's hot grounder. Congalton forced Sullivan, Hinchman to Turner, Unglaub then drove into deep right, which W. Hinchman dropped after a long run, Congalton scoring. Grimsbaw was third out on a foul by Delahanty. Three singles off Winter in succession gave the visitors their first run in the sixth, and they followed it up in the eighth with their second tally on O'Brien's double and Bemis' single.

In the same inning, however, Boston overcame and then went ahead. Sullivan and Congalton singled. Stovall got England, but Turner fumbled Grimsbaw's grounder. Sullivan scoring. O'Brien threw out Knight and Congalton scored. O'Brien threw wild on Wagner's grounder and Grimsbaw scored. The pitcher then took a hand and threw out Criger. The score:

1 2 3 4 5 6 7 8 9—R H E

Cleveland 0 0 0 0 0 1 0 1 0—2 9 4

Boston 1 0 0 0 0 0 0 3 4—4 8 2

Summary: Earned runs, Cleveland 2; Boston 4; hits, O'Brien, struck out, by Winter 4; base on balls, by Winter 1; Liebhart 2; hit by pitcher, by Liebhart; double play, H. Hinchman to Stovall, H. Hinchman to Turner, H. Hinchman to Turner to Stovall. (All other American league games postponed.)

Newport, R. I., July 30.—C. Oliver Iselin, the well known yachtman and manager of four defenders, is here formally discussing the expected challenge from Sir Thomas Lipton in the autumn.

Edwin D. Morgan, also a manager of cup defenders, in years past has been the summer and Commodore Cornelius Vanderbilt, of the New York Yacht club, was here on Sunday.

It is expected that all three will be members of a syndicate that will contract with Herreshoff for the construction of a defender. PRIZE COURT OF NATIONS

Germany and Britain Come to Agreement

AMERICA ALSO APPROVES

William T. Stead Bitterly Arraigns England—The Unmitigated Failure Achieved by the Delegates.

The Hague, July 30.—Great Britain and Germany have practically agreed on a proposition regarding the establishment of an international prize court. Under the terms of which the tribunal is made permanent and is to have fifteen judges. The United States, Japan and six of the great European powers will furnish one judge each. Latin America will supply two, and the remaining five will be sent from other countries represented in the peace conference. It is understood further that if the American proposal regarding the establishment of a permanent court of arbitration is adopted, and this seems likely, that the judges of the arbitration court will be also the judges of the prize court. The prize court is to include two admirals, to be appointed by the belligerents, but to be present in an advisory capacity only. This suggestion was made by Joseph H. Choate.

There are still differences of opinion between Great Britain and Germany regarding the laws under which the prize court will operate.

MRS. WILCOX'S EYE NEARLY TORN OUT.

Two Men Break Legs in an Auto Smash Due to an Effort to Spare Children.

New York, July 30.—Mrs. William Wilcox's right eye was nearly torn out and she was otherwise so badly injured that she will be discharged for life if her injuries do not result fatally. Lieut. Walton R. Sexton of the battle ship Connecticut and Gerald De Mercado each got compound fractures of the leg and several others were badly shaken up and injured in an automobile accident which happened to a touring car owned and driven by William Wilcox last night, as Mr. Wilcox and his friends were returning to Flushing from the Oakland Golf club. Two children were in front of the automobile, and in order to save their lives Mr. Wilcox turned the machine into a ditch.

First Tried to Choke the Girl in the Presence of Their Aged Parents, Then Shot Her.

San Antonio, Tex., July 30.—Charles F. Pope, Sunday night shot and killed his sister, Christine, at the family residence near her. His motive was that his sister was engaged to marry a man he did not fancy.

Pope first tried to choke his sister to death in the presence of his aged parents, and being foiled in that he shot her while she was fleeing to the home of another brother for safety.

Pope wept bitterly over her body, and attempted suicide. He was placed in jail, and Sunday hanged himself while the jailor was getting breakfast.

FOURTH TRIAL OF CALEB POWERS

He Is Charged With Complicity in the Murder of Senator Goebel.

Georgetown, Ky., July 30.—Before special Judge Robbins yesterday began a fourth trial of Caleb Powers, formerly Kentucky's secretary of state, for complicity in the murder of seven years ago of Senator William Goebel, Democratic aspirant in the gubernatorial election contest then pending. Twice Powers was convicted and sentenced to life imprisonment and on the third trial he was sentenced to death. The whole state has been aroused over the case, and Indiana officers have also been involved, while federal interference has been sought on behalf of Powers on the plea that the bitterness in his home state was such that a fair trial was impossible.

CONSOLIDATED GAS SECURE.

New York Court Denies the Suit for Dissolution.

New York, July 30.—The application of Attorney General Jackson of New York for permission to bring an action to annul the corporate existence of the Consolidated Gas company was denied yesterday by Justice Metcalf in the supreme court. The attorney general desired to effect the dissolution of the Consolidated Gas company on the ground that the merger of the various gas companies with the parent company has created a monopoly.

ORINOCO A TOTAL LOSS.

West India Line Steamer Has Been Practically Abandoned.

Halifax, N. S., July 30.—Despatches from Cape Sable today stated that the West India line steamer Orinoco, which was ashore off that point on Friday, will probably be a total loss. She has been practically abandoned and it is believed that her cargo of sugar, molasses and rum cannot be saved. The rising and falling tides have flooded Nos. 1 and 2 holds, the engine room is full of water and the ship is resting heavily on large rocks, in an exposed position.

QUIET ON EVE OF ELECTIONS.

No Excitement Is Manifested by the Leaders.

Manila, July 30.—Unusual quiet reigns throughout the island on the eve of the general election. The political situation is unchanged, and all parties are confident that there will be renewed activity among the leaders in the last days of the campaign, but so far little interest has been evinced by the people. The campaign is being conducted on strictly American methods.

MOYER WILL GET BAIL

The Prosecution Agrees to His Release

FREEDOM FOR PETTIBONE

However, Is Not Probable—Labor Overjoyed at the Haywood Verdict—Press Generally Finds That Acquittal Was Justified.

Boise, Idaho, July 30.—Following the acquittal of William D. Haywood on the charge of murdering Gov. Frank Steunenberg, comes the decision to release Charles H. Moyer, the imprisoned president of the Western Federation of Miners, on bail of \$25,000, pending his trial for Steunenberg's murder. George A. Pettibone, who is a codefendant with Moyer, will not be admitted to bail. Their trials are set for October.

The decision of the state to continue the prosecution of the men now under arrest and the statement that Jack Simpkins, the fugitive from justice indicted with them, is almost within the reach of the law, and may be arrested.

CHARLES H. MOYER.

at any time, came as a surprise to counsel for the defense, who confidently expected that Moyer and Pettibone would be released.

Boise has accepted the verdict quietly and in the same spirit that has been in evidence since the trial commenced. Gov. Gooding makes the position of the state, having announced a determination to leave the decision with judge and jury in the Haywood case, it will maintain that position with regard to Moyer and Pettibone. Haywood yesterday received a message of congratulation from J. Mahlon Barnes of Chicago, national secretary of the Social party.

W. J. Bryan also announced that he was pleased with the verdict, saying that he did not see how anyone could be convicted on Orchard's testimony.

VERDICT NOT A SURPRISE.

Chicago Newspapers Find it Was the Only Logical Result.

Chicago, July 30.—The comment of the leading newspapers of this city on the Haywood trial follows:

Tribune.—The verdict of the jury sets Haywood free, but public opinion has not declared him. Under the Idaho statute the jury could not convict on Orchard's testimony, even if they believed it, unless it was supported by corroborative evidence of the character described by the judge. Public opinion is not bound by the Idaho statute. Among those who are not ardent sympathizers with Haywood and his federation the belief of the greater number is that Orchard's repentance, or conversion, is genuine, and his story—which there was considerable outside evidence to corroborate—substantially true.

Inter-Ocean.—Upon the law and the evidence the jury at Boise has found Haywood not guilty of the crime for which he was tried—the murder of ex-Governor Frank Steunenberg. The verdict is not a surprise. Upon the plain proposition that a citizen cannot be legally convicted of a crime unless the jury is convinced "beyond all reasonable doubt" the Idaho jurors apparently rested. They were not convinced beyond all reasonable doubt. The evidence before them did not warrant a conviction for the crime charged.

Record-Herald.—Considering that the whole case against Haywood rested on the testimony of Orchard there was little expectation that Haywood would be found guilty. Orchard's atrocious crimes were sufficient to discredit him to such an extent that twelve men could hardly be found to accept unanimously his words as truth. A disagreement of the jury would not have been a surprise. The fact that instead of this the jury determined to acquit the defendant shows that the case against Haywood was even less plausible than it appeared in the accounts of the evidence. Acquittal or the death penalty were the logical verdicts. Conviction for murder in a minor degree would have been a compromise not desirable.

TO WELCOME HAYWOOD.

Chicago Planning to Have Him Address Meeting on August 11.

Chicago, July 30.—William D. Haywood, acquitted of the murder of former Governor Steunenberg of Idaho, is expected to be in Chicago on August 11 to address the followers of the Moyer-Haywood-Pettibone conference, who have selected the above date for holding a picnic in a southwest side park. The Chicago Federation of Labor will be asked at its meeting next Sunday to furnish an escort for Haywood when he arrives in Chicago. The Moyer-Haywood-Pettibone conference will also have an escort, and it is believed in labor circles that the two organizations

Why Do Country Boys Flock to Big Cities?

Most small towns are short of young men. As a rule there are plenty of agreeable girls who would not object to matrimony; there are plenty of old people and enough babies to go around. But the boy—oh, where is he?

The boy, the young man, has gone to the city, where he imagines there are opportunities. To him the old home town is dull and stupid. He sees no future for himself there. Both for social and financial considerations he rushes off to the great city. Very frequently he finds that he is lonelier there than at home—nearly always so; and even more frequently he finds that riches do not grow on ten story walls.

BUT STILL HE GOES TO THE CITY. In going there the boy simply follows his daddy's dollars. For years his daddy and his mother and his big sister and his Aunt Mary Ann have been mailing their money to the big city for Mail Order bargains.

Result: Home merchants don't thrive, grass grows in the streets, no jobs are to be had, no opening for a new business, and the young man goes to the city because it is a place where people have traded at home and built up their own community and provided opportunities for outsiders as well as for themselves.

IF YOU WANT TO KEEP YOUR BOY AT HOME BUILD UP YOUR TOWN SO THAT HE CAN BUILD UP HIS CAREER AMONG HIS HOME FOLKS.
